

If you, or a loved one, has developed BLADDER CANCER

After taking the Type 2 Diabetes medication ACTOS™

Then you may be eligible to file a lawsuit against the drug's manufacturer.

On June 15, 2011, the U.S. Food and Drug Administration warned the public that use of the diabetes drug **Actos** (pioglitazone) for more than a year may be associated with an increased risk of bladder cancer.

Contact us immediately if you have been afflicted in this way, as there are time limits regarding your ability to file a claim.

Weitz & Luxenberg can help you understand your legal options. We are one of America's largest trial law and products liability law firms representing injured persons achieving billions of

dollars in total verdicts and settlements, and are committed to represent your interests aggressively and professionally. Our leadership experience in such national litigations as asbestos injuries, defective medical products and medicines, environmental toxic torts and others has given thousands of clients the confidence to entrust us with their most serious legal issues.

For a free consultation please call us today at 1-888-411-LAWS (5297).

Are you suffering from a DEFECTIVE METAL ON METAL HIP REPLACEMENT?

Have you experienced failure of your hip implant, resulting in pain and disability that may or has required revision surgery to replace the failed component? Common symptoms include groin pain, dislocations, instability, and pain associated with loosening of the device and the release of metal particles into the joint.

We are accepting cases for injuries caused by certain products manufac-

tured by the following two companies:

ZIMMER, INC.

- Durom® Acetabular Cup

DEPUY ORTHOPAEDICS

- ASRTM XL Acetabular System
- ASRTM Hip Resurfacing System
- Pinnacle® (Metal on Metal only)

We are also investigating injuries resulting from
• **DEFECTIVE KNEE REPLACEMENTS**
• **FOSAMAX®**

New York Highway Safety Traffic Symposium

**SAFE, Inc. and the
Glen Cove
Police Department
Present to Attendees**

On Oct. 17, members of SAFE's PRIDE Project Coalition's Community Committee presented at the New York Highway Safety Annual Fall Symposium in Hauppauge, New York. The Symposium is organized through the joint sponsorship of the New York State Governor's Traffic Safety Committee, the New York State Association of Traffic Safety Boards and the New York State STOP-DWI Association, Inc. along with state and local safety partners interested in the promotion of safety and injury prevention.

The Symposium attracts more than 350 local, state, Federal and private agency professionals devoted to reducing deaths and injuries related to traffic crashes. Participants exchanged information on current activities and developments designed to promote injury prevention.

"The Community Committee of the Coalition is Chaired by Councilman Tony Jimenez and is known for its Enforcement of Underage Drinking Laws initiatives funded by the New York State Office of Alcoholism and Substance Abuse Services and we are pleased to be recognized by the invitation to present our achievements," stated Georgie Connett, SAFE's Board Chair.

Sgt. Chris Ortiz of the Glen Cove Police Department and Dr. Sharon Harris, executive director of SAFE, Inc. presented a cadre of collaborative activities the Committee has initiated regarding alcohol and substance abuse prevention, education, enforcement, and prosecution. The presentation highlighted statistics on underage drinking in Glen Cove per the 2010 Bach-Harrison Prevention Needs Assessment administered to students in sixth, eighth, tenth and 12th grades as well as Enforcement Details that include vendor compliance and social hosting. The 2010 Bach-Harrison results revealed that 20 percent of high school seniors reported either driving a car after drinking or riding in a car with a driver who had

Dr. Sharon Harris, SAFE Executive Director and PRIDE Coalition Co-Chair and Sgt. Christopher Ortiz, Glen Cove Police Department and Community Committee member presented to the attendees of the 2011 New York State Highway Safety Symposium.

been drinking. This was the motivation in developing the SAFE Rides program, a free program where students can avoid potential danger by calling for a ride home rather than take the chance of driving with a peer who has been drinking.

Student education is an important part of the Coalition's prevention efforts. Such public education initiatives include:

The "Parents Who Host Lose the Most" campaign

The Social Host Hotline
SAFE Homes

SAFE Downtown

Police and Communities Together 360

The "Underage Drinking in NOT a Minor Problem!" Campaign

The SAFE Rides program, in collaboration with Student Lifeline

SAFE, Inc. was established in 1981 to combine the strengths of the public and private sectors in the Glen Cove community to provide alcohol and drug prevention services. This organization is the only substance abuse prevention agency in Glen Cove, emphasizing substance abuse.
