SAFE, Inc. Board Installation

The Substance Abuse Free Environment (SAFE) held its annual Installation and Holiday Party at Page One Restaurant. Conducting the installation was Councilman Tony Jimenez, SAFE's Coalition's Community Committee Chairperson.

SAFE added Ann-Marie Gailius to the Board of Directors. She will be an asset to the SAFE Agency and has been committed to the Glen Cove Community for many years," said Georgie Connett, who recommended

her to the board. She has worked with SAFE for approximately seventeen years. She has been involved in numerous School and SAFE Coalition Committee initiatives, first starting working with SAFE's Executive Director in 2003, when they were serving as Co-Chairs of the Drug-Free School's Task Force.
